FRIDAY..... JULY 2, 1858.

READING MATTER ON EVERY PAGE.

Attention, Democrats!

The Democrats of the First and Second Wards will meet on Friday night, July 21, at Schwab's Exchange, north side of Jefferson street, between Hancock and Clay streets, to nominate a candidate for Justice of the Peace in the First district. A universal attendance is required, as other business of importance will be transacted.

In Favor of Admitting Kansas as a Slave State.

This is the stereotyped phrase of certain politicians; and it is very appropriate—admitting Kansas if it were a slave State.

It was very well known at Washington, by the advocates of the immediate admission of Kansas, that it was not a slave State; and that slavery existed there legally, and would remain there until it became a State, when it would be immediately abolished; that the Leavenworth constitution did not establish slavery in that region, and would not maintain it any longer than a constitution could be formed. On this subject we give not the testimony of the child?—Louisville Journal.

All this is very true. It is not the purpose of the American system of education to give religious instruction; and, in our judgment, it is no objection to the system. But how is it to practice? The Protestant version of the Bible is used in schools. It is required by the authorities. Now the Catholics do not regard their theory as authentic. According to their theory it is not the word of God, and they cannot recognize it as anything but a Protestant exhibition of what the word of God is. It is not a civil code for a purpose; for the theory existed long before our public schools existed.

On this subject we give not the testimony of the child?—Louisville Journal.

We insist that Protestants adhere strictly to their theory—give a secular education, and nothing else.

There is another difficulty. If Protestant children imbibe the prejudices of their parents against Catholics, it will be no easy task to educate them in the same school. The majority will learn to treat the small minority as a sort of outcasts, out of the way of the school boy sympathies of the mass.

We suggest these points to the editor of the Journal. We are for the American system of education; and we hope to see the points of injustice in it weed out. We believe it will be in time. We don't believe a common school the place for religious instruction. The parent and the church must attend to their duties. All we expect of the common school is, that it shall not be irreligious. The tone of its teaching must be moral, correct, and pure; not such that cannot be effected.

John G. Davis, formerly a reliable and able Democrat, has represented the 7th Indiana district in Congress for many years. He apostatized last year, and went to the Senate, and another Black Republican to the House. It was well known that Davis was not a man of the people's legislature. Alabama has either voted for or left, or been forced by the Free-state party to do so. It is certain that Davis was not before the Convention at all. He received a decided majority on the first ballot. Mr. Davis was not a member of the committee which introduced and secured the resolutions introduced by his friends in the Senate. Both Davis and Ward were "all right."

*Maysville Express.*

The truth is, that Kansas was already practically lost to the Union, and that the pro-slavery forces were great, but because the Free-soilers had literally taken the Territory. Had Congress admitted Kansas into the Union, it would have been a mere mockery of the admission of states to have admitted a state which demanded as a part of her program the abolition of slavery in the Territories, and the right to introduce slaves into the Territories. The Southern people are not satisfied with the result; but the Free-soilers are.

Are Southerners so extremely anxious to increase the number of slaveholding states, that their resistance is the more glaring from the fact that it has not been, and never can be, either directly or indirectly, countenanced by any of the foreign Ministers accredited near this Government?

Mr. Shorter, of Alabama, we refer to. His constituents are not satisfied with the result; and he has issued a letter, in pamphlet form, to the people of his district, giving his reasons for his final vote. He disposes of the slave State of Kansas effectually. Alabama had resolved to call a Convention, if Kansas were not admitted into the Union, and take the crisis into grave consideration. This born in mind will explain the tenor of some of the extracts below. Mr. Shorter says:

The editor of the Express is so wedded to Leavenworth, that he doesn't see the plainest facts. Secret is one of the ablest and most decided anti-Leavenworth men in Indiana. No man of any other stamp could have been nominated in the district, much less elected. Mr. Davis was not before the Convention at all. He received a decided majority on the first ballot. Mr. Davis was not a member of the committee which introduced and secured the resolutions introduced by his friends in the Senate. Both Davis and Ward were "all right."

The people, as much as you do, the failure of the pro-slavery party in Kansas. But the Southern people themselves are to blame, and not their representatives in the Senate. ## THE CITY.

### Trial of Reapers and Mowers.

The trial of Reapers and Mowers took place yesterday on the farm of Mr. L. Dorsey. The machines entered for competition were: Aultman's Mower, Allan's Mower, Atkin's Self-Raker (combined), the New York Reaper (combined), and the Kentucky Harvester (combined). Hunter's Mower (N. Y.) broke down, and was withdrawn. The first trial was field of clover, about two acres, in which the clover being thick, tangled and fallen, single machines appeared to work to better advantage than the combined and the observers.

The awards will not be made known till the Fair of the Kentucky State Agricultural Society in the fall.

HOTEL SHARPS.—Two very propulsive young men were arrested yesterday on a charge of being suspected felons. They have been staying at New Orleans Hotel for some two weeks, during which time they have run up a pretty round bill. We are informed that several trunks have been broken open at "Owens," since these gay cavaliers have been staying at the Hotel, though none of their property has been identified as the missing goods. They attempted to take friendly leave yesterday morning, but officers Hammond and Williams stopped them, and took them to the lock up. Their bill will come up this morning.

ST. MARY'S COLLEGE, MARION CO., KY.—The annual exhibition of this Institution, with celebration on the National Anniversary, will take place on Monday, July 5, in St. Mary's Woods, adjoining the railroad grounds. The exercises will commence on the arrival of the Express train—10 A. M.—and will be over in time for an extra evening train, which will reach Louisville about half-past eight o'clock.

"The St. Mary's Cadets," a military company lately formed at the College, will be in attendance fully armed and equipped. d2t

THEATRE.—This evening Mr. Loraine takes his benefit and makes his last appearance this season. He will produce the drama of Belphégor, in which he personates the character of the mountebank. This is we think, his best character; it is certainly one in which he has no superior, and we doubt much, if he has any equal. We advise those of our readers who wish to see fine acting to go and secure seats early.

IT'S SOME OF OUR READERS WILL BE SURPRISED TO LEARN THAT THE STREETS ARE SO CLOSELY LINED WITH BUILDINGS, IN OUR FASHIONABLE NEIGHBORHOODS, THAT IT HAS BEEN FOUND CONVENIENT TO SET UP OTHER HOUSES IN THE MIDDLE OF THE STREET. AN ENTERPRISING INDIVIDUAL HAS A FRAME TENEMENT AT THE INTERSECTION OF THIRD AND CHESTNUT, WHICH HAS BEEN UP SINCE MONDAY. THERE IS ANOTHER ON CHESTNUT, NOT FROM THE FIRST MENTIONED; AND TO ALL APPEARANCES, THEY WILL REMAIN FOR A WHILE.

**NEW ROUTE TO THE EAST.**—The annual exodus from the South has begun earlier this year than usual, and the fast lines of travel are now crowded with the thousands who are seeking health and pleasure in the Northern or Eastern States. For the especial benefit of this class of travelers, arrangements have recently been made for a new route to the North and East which offers rare inducements to those who wish to enjoy the cool breezes and delightful and invigorating atmosphere of the lakes. Under this arrangement passengers are now taken by the New Albany and Salem Railroad two hundred and eighty miles due North to Michigan City on Lake Michigan; thence East by the Michigan Central Railroad across to the State of Michigan to Detroit; thence through Canada by the Great Western Railroad to Niagara Falls; and thence to New York by the New York Central and Hudson River Railroads. The time is 52 hours, and the whole fare \$19. We understand that the tickets on this route are good until used, thus securing to passengers the important privilege of stopping at all points of interest on the road.

THROUGH TICKETS FOR THIS LINE ARE SOLD BY O. NORTON, GENERAL TICKET AGENT, NO. 555 MAIN STREET.

FOOT RACE.—A very exciting foot race was run at New Liberty, Owen county, Kentucky, on Saturday last, by Mr. Bart W. Jenkins, of Henry county, and Pac. Ayres, of Owen, for \$50 a side.
